

**Category A:** 

You **MUST** select **ONE** line in this category and record the appropriate credits in the box. Category A provides information about your flock. If you do not know which [prevalence area](#) you are in, contact your veterinarian or local Animal Health Officer.

**Category B:** 

Only complete this section if your flock has been tested for OJD.

If your flock:

- is in the SheepMAP
- has had a PFC 250 test in the last 12 months
- has an Abattoir 500 or 150 status; or
- is a tested low level infected flock

If **NO** flock testing has been done your score is zero for Category B.

Select **ONE** line only.

**Category C:** 

This section is only completed if the animals are from a flock or consignment that has been vaccinated in the approved manner.

If these sheep are not approved vaccinates then your score is zero for Category C.

Select **ONE** line only.

**Category D:** 

If your flock is infected and a risk assessment has been conducted on these sheep by a SheepMAP approved veterinarian and a certificate has been issued to confirm that they are 'low risk', then add one credit here.

If your flock is not infected add a zero.
